February 28, 2023 1:00 PM EST

Houston, TX – February 28, 2023 – Tvardi Therapeutics, Inc. (“Tvardi”), a privately held, clinical-stage biopharmaceutical company focused on the development of STAT3 inhibitors, announced that the company has been invited to participate at the Cowen 43rd Annual Health Care Conference. The management team will hold one-on-one meetings on March 8, 2023, to review emerging clinical data.

Cowen’s 43rd Annual Health Care Conference is taking place March 6 – 8, 2023, at the Boston Marriott Copley Place in Boston, MA. The conference incorporates presentations, fireside chats and innovative panel discussions hosted by members of the Cowen research team that focus on various aspects of the healthcare industry.

About Tvardi Therapeutics
Tvardi is a privately held, clinical-stage biopharmaceutical company developing small molecule inhibitors of STAT3, a key regulatory protein positioned at the intersection of many signaling pathways integral to the survival and immune evasion of cancer cells. STAT3 also plays a central role in the pathogenesis of many inflammatory and fibrotic diseases. The company’s lead product, TTI-101, completed enrollment in its first-in-man Phase 1 trial of relapsed/refractory patients with advanced solid tumors. To date, TTI-101 monotherapy has been well-tolerated and has clinical activity across a broad range of tumors including multiple durable radiographic objective responses. The company has now initiated three Phase 2 clinical programs in hepatocellular carcinoma (**NCT05440708**), metastatic breast cancer (**NCT05384119**), and idiopathic pulmonary fibrosis (**NCT05671835**).
